Goal

1. Make models of your exhibit (draft sketches on chart paper)
2. Then create models using materials (popsicle sticks, construction paper, glue, colored tape, border)

During our meetings with History by Design, we created models to show how we would help transportation in NYC.
Agenda:
1. Continue our research from last class (30 Minutes)
2. Start thinking about who or what we would like to represent in our exhibit (20 Minutes)

- Artists from the past
  - What are they famous for?
  - What do they do?
- Mental health
  - What diagnosis does the artist have?
- How does it influence their work?
- Rebellion
  - How did they use their "artistry" as a tool to create?
